French citizenship

Born on August 4th, 1994 in Bordeaux

Ph.D. in Pure Mathematics and R&D professional in algorithms, I specialize in the estimation of stochastic processes and statistical learning for time series, particularly in inertial navigation. Versatile and driven by a strong team spirit, I excel in multidisciplinary scientific environments.

Work experience

CDI **R&D engineer in Navigation algorithms**, Exail, Saint-Germain-en-Laye.
23/05– World 1st company in advanced technologies for resilient navigation.

- Development of inertial navigation algorithms by multi-sensors data fusion.
- Design of statistical tests for validation and monitoring of navigation performance.
- Statistical modelling of sensor errors and assessment of navigation performance.
- Supervision of a 6-month end-of-study internship on RNN-aided Kalman filtering.

CDD **Research scientist in Pure Mathematics**, LMO (Université Paris-Saclay, CNRS), Orsay.
18/08–22/08 World 1st university in Mathematics.

- Publication of 3 articles in international peer-reviewed journals.
- Oral presentations, in French and English, of my results in about 10 seminars.
- Participation in about 100 presentations in French and English by international experts.

CDD **Teaching assistant in Mathematics**, Université Paris-Saclay, Gif-sur-Yvette.
18/09–21/08 Nearly 200 hours of tutorials for about 10 groups of about 30 diverse students.

Academic background

2023 **Doctoral degree in Pure Mathematics**, Université Paris-Saclay.
○ Laureate of a research grant from the Ministère de l'Enseignement Supérieur et de la Recherche.
○ Organization of about 15 conferences for about 40 higher education students.
○ Supervision of about 10 workshops for about 15 primary and secondary school pupils.
○ Organization of about 30 fundraising to offer gifts for new doctors.

2018 **Double degree Master–Magister in Mathematics**, Université Paris-Saclay.
2015 and 2017 laureate of a € 10,000 grant for excellence from the Jacques Hadamard Foundation.

2017 **Agrégation externe in Mathematics**, 67th/3582, Ministère de l'Éducation nationale.

Computer skills

MATLAB (numerical analysis) Advanced

Python (data analysis) Advanced

Simulink (modelling) Intermediate

Shell script (scripting) Expertise

Git (version control) Advanced

TeX (scientific documents) Expertise

Language skills

French Mother tongue

English Fluent

Miscellaneous interests

Sports Swimming, running, MTB riding and mountain hiking.

Puzzles Puzzles creation relying on steganographic methods.
